PolicyPilot Test Enterprise Handbook

Fictional document for RAG, citation, retrieval, and agent evaluation.

Document ID: PP-TEST-001

Effective date: 1 January 2026

Organization: Northstar Technologies (fictional)

This document is synthetic and created solely for software testing. It is not a real company policy.

1. Annual Leave Policy

Employees receive 24 days of annual leave per calendar year. Leave accrues at 2 days per completed month of service.

Unused annual leave may be carried forward into the following calendar year, subject to a maximum carry-forward balance of 12 days. Any balance above 12 days expires on 31 March of the following year.

Annual leave requests of up to 3 consecutive working days require approval from the employee's direct manager. Requests exceeding 3 consecutive working days require manager approval and HR notification.

Leave requests should normally be submitted at least 5 working days before the first day of leave.

2. Sick Leave

Employees receive 10 days of paid sick leave per calendar year. Sick leave does not carry forward to the next calendar year.

For sick leave lasting more than 3 consecutive working days, the employee must provide a medical certificate to HR within 5 working days of returning to work.

3. Remote Work Policy

Eligible employees may work remotely up to 3 days per week with manager approval. The employee must maintain normal working hours and remain reachable during core hours.

Core working hours are 10:00 AM to 4:00 PM local time, Monday through Friday, excluding approved leave and company holidays.

Employees working remotely must use the company-approved VPN when accessing internal systems from an untrusted network.

4. Working Hours and Attendance

The standard work schedule is 40 hours per week, normally distributed across Monday through Friday.

Employees should record attendance using the company attendance system. Any correction to an attendance record must be submitted within 5 working days.

5. Travel Reimbursement

Business travel must be approved before booking. Economy-class air travel is permitted for trips with a one-way duration of less than 6 hours.

Hotel reimbursement is limited to INR 4,500 per night for domestic travel unless a higher limit is approved in writing by the department head.

Employees must submit travel expense claims within 15 calendar days after returning from business travel.

Original or digitally verifiable receipts are required for reimbursable expenses above INR 500.

6. Expense Claims

Routine business expenses must be submitted through the expense management system. Claims must include the date, business purpose, amount, and supporting receipt where applicable.

Managers are responsible for reviewing expense claims before Finance processes reimbursement.

7. Information Security

Employees must not share company credentials with another person. Passwords must be unique to the employee and must not be reused for personal services.

Multi-factor authentication must be enabled for company email, source-control accounts, and other systems designated as critical by the Security team.

Suspected phishing, credential theft, or unauthorized access must be reported to the Security team as soon as reasonably possible.

8. Password Policy

Company passwords must contain at least 12 characters. Password managers approved by the Security team may be used to store company credentials.

Passwords must not be written on paper or stored in unencrypted plain-text files.

9. Company Equipment

Company-issued laptops and other equipment must be used primarily for authorized business activities. Employees must protect equipment from unauthorized access, loss, and damage.

Loss or theft of company equipment must be reported to IT within 24 hours of discovery.

Employees leaving the organization must return company equipment according to the offboarding checklist.

10. Approvals and Exceptions

Policy exceptions require written approval from the policy owner or an authorized department head. Verbal approval alone does not constitute a documented policy exception.

If two internal documents provide conflicting instructions, employees should follow the most recently approved policy and contact HR or the relevant policy owner for clarification.

11. Testing Notes

This synthetic handbook intentionally does not specify parental leave duration, international travel reimbursement limits, performance-review schedules, promotion criteria, or employee stock-option rules. These topics should be treated as insufficient-evidence cases when asked about using only this document.
